SOFT LANDING: Whether you want a bit of cushioning for yoga on the go or a compact ground cover for outdoor activities, the TMAT PRO fits the, well, derriere. Measuring 21 inches by 29 inches — and as such isn't meant for lying on lengthwise — the neoprene mat rolls tightly into a diminutive 6-inch-by 4-inch bundle, secured by an integrated Velcro strap closure. The quick-drying mat comes in neon colors and patterns, and fits in a purse or carryon bag.

TMAT PRO, \$24.95, tmatpro.com or 866-759-2888.
